## **Rutland Town Select Board requests bids for Installation of a stand-by Generator at Town office building**

### **Bid Specs**

Installation of a 25,000 to 30,000 watt Diesel stand-by Generator.

Generator to be a self-contained unit with winter operation options and noise reduction options for residential installation.

This is to be an automatic transfer set up to run the building at 100%.

Installation must be done to meet all Electric codes. Electric work to be done by a licensed Electrician.

Bid should include cost of generator, all site work, all materials, permits and any other costs associated with proper installation.

Bidder should supply proof of insurance, references, electrical license, and a brief description of work to be done. Also included should be an approximate length of time for installation and when it will be completed.

Sealed bids may be mailed or delivered to Rutland Town c/o Board Chair Josh Terenzini, 181 Business Rt. 4 Center Rutland, VT 05736. Bids are due by 12:00 noon on 10/13/17. Bid opening is at 10/17/17 at regular board meeting.

Rutland Town reserves the right to reject any and all bids.
